EXPERIENCE & PROJECTS

Graduate · Dev Bootcamp

San Francisco, Ca

2016-07 · 2016-10

An immersive program that teaches people the technical, cognitive, and interpersonal skills used in software development so they can thrive in the tech economy.

Apprentice Roaster · Hugo Coffee Roasters

Park City, Ut

2016-07 · 2016-10

Hugo Coffee Roasters is a friendly, small-batch roastery located in the high altitudes of Park City, Utah, inspired to elevate the coffee experience through highest-quality beans, meticulous roasting and hands-on customer care.

Server · Valter's Osteria

Salt Lake City, Ut

2016-07 · 2016-10

Valter's Osteria is a fine dining restaurant awarded as being one of the best restaurants in all of Salt Lake City.

⌕ Dono

Hackathon project a Money 20/20 in Las Vegas. Dono is a market-place platform that creates a financial engagement between consumers, charities and merchants using machine learning and big data.

⌕ The Partner

The Partner analyzes data from IRS 990 Filings for nonprofit organizations from Amazon Web Services and visually displays information about an organization's expenses, sources of revenue, and significant contributions to the community.

⌕ The Watch · Hackathon Winner ★

The Watch is a winning hackathon project from Hack Against Violence hosted by Runway and DBC. The Watch scraps Twitter for tweets that match keywords that indicate users that show signs of suicide and puts them on our watch list.

⌕ Dear Ally · Hackathon Winner ★

Dear Ally is a winning hackathon project from Chime Hack 3 hosted by Facebook. The project creates a safe chat room for victims of violence, and connects them to professionals that can give them immediate assistance.
